

Protect Your Sewer!

Clogged pipes are no fun for anyone! They can cause sewer backups into your home which are difficult and expensive to fix.

DO NOT FLUSH OR PUT DOWN THE DRAIN:

- **Wipes for babies and adult "flushable" wipes**
- **Feminine sanitary items**
- **Trash like cigarette butts**
- **Cooking grease and oil**
- **Food scraps**

Place these items in the trash. Cooking grease and oil can be placed in a container first.
